Inland Children's Chorus Makes First Public Appearance

Sloan Award Safety Contest Nears End

The Sloan Award Safety Contest which has been underway in our plant during the past six months will close June 30, 1937. At the end of this period the winning supervisor in each of the three groups will be presented with a Certificate signed by Mr. Alfred P. Sloan, Jr., and an All Wave Table Radio.

Since this contest was started in our plant each department has been inspected and rated each month by the Contest Awards Committee. The ratings as established during these periodic inspections will be used in making the contest awards.

At the present time the Rubber Mill Department is leading group number one, Brake Hose group number two, and Tool Stores group number three.

The first public appearance of the Inland Children's Chorus of 99 voices was made last Friday night at Memorial Hall. The Chorus gave a program which brought to a close a campaign to raise funds to build and equip a camp for Dayton Boy and Girl Scouts. The proceeds from this program were given to this fund.

Under the direction of Mr. Richard B. Westbrook the Chorus sang a group of selections which were most heartily received by the audience. The Chorus was accompanied by Miss Mary Werner at the piano and by Mr. Urban Deger at the Hammond organ.

Little Louan Cuni, shown in her

dancing costume, gave an excellent performance, on the program. Louan is the daughter of Joe Cuni of the General Manager's office.

In the picture to the left is Mr. Sylvan Connair of the Maintenance Department office who directed the setting of the stage for the program.

The second gentleman shown is Mr. Gordon Carter who assisted in staging and directing the program.

On the extreme right is Mr. Leslie Snyder of the Personnel Department who took care of the details in connection with the program. The names of the children who are members of the Chorus are given on page 4.

Employe Award

Not only will the winning supervisors be awarded, but a prize will also be given to one employe in the departments under each winning supervisor.

See the enclosed circular for more particulars regarding the employe prize.

Badges To Be Issued To Employees Soon

The new employees' badges will be issued next Friday in the cafeteria just before each employe gets his pay check, and if necessary the distribution will continue throughout the following week. All employees of the Inland Manufacturing Division will be required to have a badge by Sunday, June 27. The badge is to be used for admission to the plant, and for identification in obtaining and cashing pay checks and in obtaining Company tools.

Upon leaving the employ of the Company due to quitting, discharge or temporary lay-off it is necessary that employes turn the badge in to the Employment Department, before they are given their final pay check.

(Continued on page 2)

Flash Gathered By Our Rubber-(ing) Reporters

Mary Makely of the Receiving Inspection Department has decided that bicycle riding is a little safer than horse back riding. Experience is a good teacher, Mary.

And from the Machine Shop comes the word that Robert Albers proved to be a friend indeed to Robert Borton who was in need when caught for speeding on East Third Street. Mr. Borton was picked up for speeding following the Inland dance and it seems that Mr. Albers assisted in digging up the bail money so that "Bob No. 1" could enjoy the comfort of his nice soft bed.—Easy on the throttle next time, Bobby.

Clifton Reed of the Miscellaneous Finishing Department was married to Virginia Rogge on June 4 at the East Dayton U. B. Church. She was a mighty sweet June Bride, Eh, Clifton?

We hear from the Rubber Wheel Department that Sam Sheets has purchased Paul Pazitney's "Annie" goats and has started in the goat milk business. Sam is certainly doing a lot on that small farm which he recently purchased.

Paul Althoff of the Machine Shop is mighty proud of the 617 series which he bowled recently in the Picnic League.

'Twas a happy moment for Mildred Jourdain of the Miscellaneous Finishing Department when an admirer gave her a dozen carnations in memory of her birthday.

Don Brodbeck of the Rubber Wheel Department, upon returning from a vacation trip to Wisconsin, reported that he had landed a "Muskie" 41 inches long and weighing 20 pounds. It must have been quite an experience—most of us get a "Kick" from landing a 3 inch Sun Fish.

Oscar Maise of the Rubber Mill Department is the proud father of an eight pound baby boy. The little fellow was born May 10. Congratulations.

It's Robert "Barney Oldfield" Kohues that works in the Engineering Laboratory. Bob raced with a State Patrolman when driving near Piqua, Ohio, much to his sorrow. The judge really put on the tariff.

Friends of Orland Roberts of the Plant Protection Department are glad to hear of his speedy recovery following an operation performed at the Good Samaritan hospital. Mr. Roberts is now convalescing at his home.

G.M.I.T. ALUMNI MEETING

The General Motors Tech Alumni Club had dinner in our cafeteria on Thursday evening, May 27, approximately 40 members being present. Following the dinner a trip was taken through our plant. The Alumni members from Inland acted as hosts and guides for the trip.

Junius Arnold of the Machine Shop was married on May 29 to Miss Thelma Miller of Wichita, Kansas. His many friends wish him many years of happiness. The cigars were greatly appreciated.

Clarence Brown of the Miscellaneous Finishing Department became the father of a bouncing baby girl on June 3. The little lady has been named Marilyn Jane.

Fellow employes of the Rubber Wheel Department are glad to hear that Leona Rumbaugh is rapidly improving from a recent operation performed at the Good Samaritan Hospital.

Calvin Myers of the Machine Shop was married to Virginia Landis on June 5. The smokes were passed. Our best wishes are extended to the happy couple.

Thomas Little of the Ice Tray Finishing Department welcomed the birth of a baby boy on Sunday, June 6. The cigars were passed in honor of Thomas Junior.

Al Monnier of the Rubber Wheel Department was recently involved in an accident in which he received two black eyes. The details are lacking and are requested by fellow employes.

In The Spring Their Minds Turn Toward Fishing

When the first warm breath of Spring is felt the minds of the boys shown above turn to fishing. Evidence of their ability is shown.

To the left is a picture of Fred L. Sarber of the Rubber Mill Department with two German Bass which he caught at the Englewood

Dam. One of these denizens of the deep weighed 23 pounds, the other 15.

The center layout shows some of the boys from the Tool Room and the Machine Shop with their catch. They are, left to right: Fritz Merkle, Jesse Miller, Charles Cade and George Cameron. The fish are Channel Catfish and Crappies and were caught at Celina.

Can you guess the name of the gentleman on the right who holds his line in readiness for a nibble? No? 'Tis Lee Poffenberger, foreman in the Running Board Department. From the evidence shown in the picture no fish were caught.

Inland Children's Chorus Personnel

First Soprano

- Betty Jane Allen
- Mary Baltes
- Adele Batter
- Winifred Cameron
- Joan Carlin
- Carolyn Christensen
- Delores Delzeith
- Marcella Delzeith
- Phyllis Jean Denlinger
- Eulah Dowell
- Myrtle Elliott
- Evelyn Gray
- Charlotte Haddix
- Irene Haney
- Mary Hesseman
- Mary Kelchner
- June Kiger
- Lorraine Kiger
- Betty Krisher
- Blanche Krisher
- Rita Kronenberger
- Betty Jane Landis

- Angela May Lehman
- Phyllis McClothin
- Mary McFarland
- Ruth Miller
- Gloria Moore
- Marian Moore
- Martha Norris
- Ellen Reeves
- Roberta Rittgers
- Patricia Roberts
- Mary Rose Seddon
- Helen Steiner
- Wilda Stevens
- Dolores Tunney
- Rachel Unroe
- Lila Van Scoyk
- Ida Louise Wolf
- Raymond Beck
- John Carlin
- Michael Connair
- Paul Connair

- Robert Connair
- Sylvan Connair
- Thomas Connair
- LeRoy Delzeith
- Robert Dixon
- Harry Durrum
- Hugh Durrum
- Paul Durrum
- John Eidemiller
- Robert Fitzharris
- Ralph Hesseman
- Norman Holt
- Arthur Kronenberger

- Tom McNinch
- William Raiff
- Joseph Rittgers
- Harold Schuh
- John Sommers
- Eugene Walker
- Robert Wilhelm
- John Wilker

Second Soprano

- Helen Albers
- June Albers
- Lucille Batter
- Mary Louise Buck
- Jean Burroughs
- Joan Burroughs
- Irene Combs
- Marlys Combs
- Charlotte Cordonnier

- Geraldine Cordonnier
- Joan Cordonnier
- Eileen Driscoll
- Francis Driscoll
- Jean Driscoll
- Charleen Hangan
- Mvone Hangan
- Thelma Hangan

- Zeltha Hangan
- Alvera Hinders
- Virginia Hinders
- Catherine Schaeffer
- Phyllis Schaeffer
- Pauline Swallow
- Martha Thompson
- May Tunney

Alto

- Don Broughton
- Jack Fenner
- Tom Fenner

- Richard Murray
- Eldon Reichert
- Lawrence Roberts

- Thomas Rotterman
- Donald Stoff
- Urban Zapf

PICNIC SCHEDULED

The employes of the Production Control Department will enjoy a picnic on Saturday, July 17, at McCrabb's Park. A dutch lunch and refreshments will be served to those in attendance. The afternoon and evening will be taken up by soft ball, card and other games.

Everett Hayden, Art Woodward, Joe Wysong, and Floyd Mendenhall are in charge of the tickets, which are being sold to defray the expenses of the picnic.

JUNE GRADUATES

The editor of The Inlander is interested in getting any pictures of June Graduates who are near relatives of employes. If you have any pictures of this type either give them to your department reporter or bring them to the editor in the Personnel Department.
